Staff Report

Planning Commission Meeting Date: November 6, 2023

City Council Meeting Date: November 13, 2023

Agenda Item: Rezoning

Background:

The area surrounding the development has a mixture of residential and commercial. The two parcels are undeveloped and mainly wooded under the current conditions and has significant acreage of wetlands that would make it difficult to develop under current ACOE regulations. The applicant plans to plant pine trees for agricultural farming purposes and the rezoning request will maintain the current characteristics of the parcels and should not have any negative impacts to the area. The city does not have an actual Agricultural Zoning designation, so the applicant is asking to rezone the parcels to R-6 which allows for agricultural production. (Ordinance Attached).

Summary:

Robbie Cheek, acting agent for property owners VV Farms, Inc. has applied for a rezoning of parcel 094 050 and 094 053 containing approx. 568 acres located north of Hwy. 40 East and on the west side of I-95 South. The applicant is requesting the parcels be rezoned to R-6 (Single-Family Large Tract Residential) for the purpose of a Pine Tree Farm.

Current Zoning: C-4 (Interchange Commercial)

Is Proposal Consistent with the Comprehensive Plan? No, but the parcels are unable to be developed as commercial.

Staff Recommendation: Staff Recommends Approval

REASON FOR REQUEST

Would be in harmony with the character of the neighborhood because the property is
vacant and wooded under current conditions. Rezone request maintains
the current character due to plans to plant pine trees.

Would not be detrimental to property or persons in the area because the planned use
will maintain the vacant and wooded characteristics.

Other

Comments: Property has significant wetlands making the property
difficult to develop under current ACOE rules for impacts and
mitigation.

Planning Commission Meeting Date: December 4, 2023

City Council Meeting Date: December 11, 2023

Agenda Item: Variance for Parcel K13 01 007- 500 W. King Ave.

Background: The applicant submitted a plat and site plan showing a proposed split of parcel K1301 007. There is an existing building in the center of the parcel and if the parcel is subdivided, the new property line created would split the building on to two separate properties. The new lot lines would create a 0' side setback on one side of each parcel. The property owner is wanting to split the property to be able to sell one side of the building. Due to the hardship of not being able to move the building, the Planning Dept. sees no reason the variance should not be granted.

Summary: Eunice de Guire, acting agent for the property owners, DJRM Lim Family Trust is requesting a Variance to Article VII, Section 70.2.3 #4(c) –Minimum side yard setbacks from any other property line: 7 feet. Applicant is requesting a 7' variance to the required setbacks to be able to subdivide the parcel and building.

Zoning: C-2 (General Commercial)

Is Proposal Consistent with the Comprehensive Plan? N/A

Staff Recommendation: Staff recommends approval of the variance request.

APPLICATION FOR VARIANCE

Kingsland, Georgia

Read Part A completely. Then answer each item in Part B. Please print or type. Do not write in Part C. The Building Inspector or Planning Director will help you, if necessary. You must file this application and all required materials with the Planning Director at least 26 days before the Planning Commission meeting at which it will be considered.

FEE: Residential - \$100.00, Commercial \$125.00

PART A---GENERAL INFORMATION

You are encouraged to read the appropriate sections of the Kingsland Land Development Ordinance as they pertain to zoning variances or subdivision variances. Since zoning variances are much more common and require a public hearing, they are the only ones described in the Kingsland Land Development Ordinance

A variance is a "loosening" of the requirements of the Zoning Ordinance to relieve a hardship. A variance can only be granted because of a hardship beyond your control is being created by a dimensional requirement—that is, one dealing with distance, area, height, or some other dimension of your land or building. For example, you own a lot and wish to build a house on it. It is zoned "R-1, Single Family Residential", but it is too narrow to meet the building setback requirements. You are prevented, therefore, from building your house unless you get a variance from the Planning Commission that lets you build closer to your side property lines. Please note that a variance does not allow you to start a new use in a zoning district where it is presently not permitted. In other words, you could not put a grocery store in a residential neighborhood.

Once you have filed a complete application with the Planning and Development Director, he will advertise your request in the newspaper and send a letter to your neighbors. The Planning Commission will then hold a public hearing. At the meeting, you will tell the Planning Commission why you need the variance and your neighbors may ask questions and make comments. The Planning Commission will then make a recommendation to the City Council about the variance. The City Council will make final determination; generally the 2ND Monday of the month. The variance is valid for 1 year.

PART B---APPLICANT ONLY

1. This is an application asking the Kingsland Planning Commission to grant a variance from the requirements of Section(s) 70.2.3 #4c of the Kingsland Land Development Ordinance.
2. Your Name Dan Kisuk Lim & Janet Hueok Lim - DJRM Lim Family Trust
 Phone 951-217-3285

3. Location of Property: Street 500 W King Ave

4. This land is zoned: () R-1 () R-2 () R-3 () R-4 () MH () PD () C-1 (☒) C-2
 () C-3 () C-4 () I-L

5. Please describe the type of variance you need. (Example: Reduction of front yard setback from 35 feet to 13 feet): Reduction of Minimum set back from other property from 7 feet to 0 feet.

6. All the following points must apply to your situation for the variance to be granted. Describe how you meet each "test":

A. Special conditions or circumstances over which I have no control affect my property.

Lack of distance between buildings. Building are ATTACHED & cannot be Separated to the 7' Requirements

B. Because of this situation, I do not have the same property rights as my neighbors or as other property owners in the same zoning district do.

Correct

C. The variance would not significantly defeat the purposes of any city plan, policy, ordinance, or regulation, nor would it interfere with my neighbors use of their property.

In my opinion it will not

D. This is the minimum variance which would relieve my hardship.

yes.

7. In the case of a zoning variance, attach these to this application:

- A simple map showing the location of the property, its dimensions, location of existing and proposed structures, and the nearest public road.

Staff Report

Planning Commission Meeting Date: December 4, 2023

City Council Meeting Date: December 11, 2023

Agenda Item: Annexation and Zoning Designation for Parcel 094 025

Background:

The area surrounding the development has a mixture of single family residences and multifamily developments, along with a few commercial parcels included in the area. The applicant has submitted a conceptual site plan (attached) that has been reviewed by the planning department. The project will be a mixed use of apartments and commercial sites. The applicant stated the project will be completed in phases depending on demand for housing. Laurel Island Pkwy. continues to be developed with commercial and multifamily projects and is rapidly becoming a mixed use corridor. The rezoning of the parcel will be consistent with the landscape of the area, and will provide attainable housing to the citizens of Kingsland. No final site plan or engineering plans have been approved by the planning dept. at this time and a traffic study will also be required for this type of project. The applicant will need to access the city water and sewer systems; therefore, the property will need to be annexed into the city limits. There is existing sewer and water availability to the property.

FYI- A Community Outreach Meeting was hosted by the developer on Thursday November 16, 2023. Several surrounding land owners in the area were invited to the meeting for a presentation of the project and for a chance to ask questions and express any concerns they may have about the project.

Planning Commission Meeting Date: December 4, 2023

City Council Meeting Date: December 11, 2023

Agenda Item: Rezoning for Parcels K31 06 001 & K31 06 002

Background:

The area surrounding the proposed development has a mixture of residential and commercial developments. The parcels are located within the C1-A business corridor district and a majority of the parcels on US 17 (S. Lee St.) are zoned C-2 (General Commercial). The applicant has submitted a conceptual site plan for a proposed Dollar General Store. Although there are several Dollar General Stores within Camden County, the applicant feels this use of commercial rather than residential would be consistent with the area and beneficial for the surrounding neighborhoods. The rezoning request of C-2 will be consistent with the landscape of the area, within the C1-A business corridor. No final site plan or engineering plans have been approved by the planning dept. at this time. There is existing sewer and water availability to the property.

FYI- The Kingsland Downtown Development Authority has given their approval of the development as long as they have input on the building facade and landscaping design as required in the city ordinance.

Summary:

Roberts Tate, LLC and Spring Hill Land Trust, acting agent for property owner Gope Real Estate, LLC is requesting that parcels K31 06 001 & K31 06 002 be rezoned to **C-2 (General Commercial)** and remain within the C1-A Business Corridor District for the purpose of a Dollar General Store. The parcels contain a total of approx. 4.53 acres and are located on the east side of S. Lee St.

REASON FOR REQUEST

Would be in harmony with the character of the neighborhood because both parcels are located within C-1A Commerical Corridor District in which each parcel with frontage along HW17 are currently zoned commercial (C-2). Thus, commercial, rather than residential use, is appropriate for these parcels.

Would not be detrimental to property or persons in the area because each parcel along HW17 are already zoned and developed for commercial uses. Moreover the proposed site plan provides adequate parking and ingress and egress so that the residential parcels to the east will not be adversely affected.

Variance-Parcel 095 003A-1215 E. King Ave.

Staff Report

Planning Commission Meeting Date: January 2, 2024

City Council Meeting Date: January 8, 2024

Agenda Item: Variance for Parcel 095 003A- 1215 E King Ave.

Background: The applicant submitted a site plan showing the proposed free standing high rise sign that will be located on the north east portion of the property facing I-95 south. The applicant is asking for a larger square foot sign than is allowed by the city sign ordinance in a Commercial Zoning District. The applicant wants to have better visibility to the interstate traffic and the larger sign would provide this greater visibility for the business. The City Planning Director and Building Official agree that due the location of the proposed sign, the increased size of the sign would not have any negative effects to the adjacent properties and would not cause any distractions for the traffic on E. King Ave. Although this sign is not considered a billboard, all billboard signs on I-95 can be up to 600 square feet. The Planning Dept. sees no reason the variance should not be granted.

Summary: Tiffany Jackson with Drayton- Parker Companies, LLC, dba Parkers Kitchen is requesting a Variance to Article XII, Section 120.7- Maximum Area for a Free Standing Sign = 225 square feet. Applicant is requesting a 65 square foot variance to allow for their sign to be 290 square feet in area size.

Zoning: C-4 (Interchange Commercial)

Is Proposal Consistent with the Comprehensive Plan? Yes

Staff Recommendation: Staff recommends approval of the variance request.

APPLICATION FOR VARIANCE Kingsland, Georgia

Read Part A completely. Then answer each item in Part B. Please print or type. Do not write in Part C. The Building Inspector or Planning Director will help you, if necessary. You must file this application and all required materials with the Planning Director at least 26 days before the Planning Commission meeting at which it will be considered.

FEE: Residential - \$100.00 Commercial \$125.00

PART A---GENERAL INFORMATION

You are encouraged to read the appropriate sections of the Kingsland Land Development Ordinance as they pertain to zoning variances or subdivision variances. Since zoning variances are much more common and require a public hearing, they are the only ones described in the Kingsland Land Development Ordinance

A variance is a "loosening" of the requirements of the Zoning Ordinance to relieve a hardship. A variance can only be granted because of a hardship beyond your control is being created by a dimensional requirement—that is, one dealing with distance, area, height, or some other dimension of your land or building. For example, you own a lot and wish to build a house on it. It is zoned "R-1, Single Family Residential", but it is too narrow to meet the building setback requirements. You are prevented, therefore, from building your house unless you get a variance from the Planning Commission that lets you build closer to your side property lines. Please note that a variance does not allow you to start a new use in a zoning district where it is presently not permitted. In other words, you could not put a grocery store in a residential neighborhood.

Once you have filed a complete application with the Planning and Development Director, he will advertise your request in the newspaper and send a letter to your neighbors. The Planning Commission will then hold a public hearing. At the meeting, you will tell the Planning Commission why you need the variance and your neighbors may ask questions and make comments. The Planning Commission will then make a recommendation to the City Council about the variance. The City Council will make final determination; generally the 2ND Monday of the month. The variance is valid for 1 year.

PART B---APPLICANT ONLY

1. This is an application asking the Kingsland Planning Commission to grant a variance from the requirements of Section(s) _____ of the Kingsland Land Development Ordinance.
2. Your Name Tiffany Jackson, Entitlement Manager, Drayton-Parker Companies, LLC

-
6. All the following points must apply to your situation for the variance to be granted. Describe how you meet each "test":
- A. Special conditions or circumstances over which I have no control affect my property.
Due to the location of the proposed sign, the increase square footage is needed to provide visibly to customers.
-
- B. Because of this situation, I do not have the same property rights as my neighbors or as other property owners in the same zoning district do.
Due to limitation in square footage and visibility, I do not have similar rights.
-
- C. The variance would not significantly defeat the purposes of any city plan, policy, ordinance, or regulation, nor would it interfere with my neighbors use of their property.
Due to proposed location/intended purpose, granting the variance would not defeat the purpose of any city plan, policy, ordinance or regulation, nor would it interfere with my neighbors' use of their property.
-

The proposed 290 square feet is the minimum variance that would relieve my hardship.
